

## DISCOVERY SESSION – OUTLINE PROGRAMME

**An Even Better Place to Work™** is an on-line, self-managed solution of measures, activities and resources to enable people to feel even more valued, open, engaged and happier at work.

It is designed to improve the quality of work life for everyone and will support team leaders in getting the best from their people, leading to higher levels of performance and productivity.

You can expect fewer absences, far less moaning and higher levels of openness, trust and collaboration. **An Even Better Place to Work™** gives you the tools to lead, rather than the theory of leadership. It promotes the *“What am I going to do”* rather than *“What is management going to do”* mind-set and will improve engagement, wellbeing and leadership across the business.

### Themes

---
